2: (4) **Result**: In this world, we must to plant, produce, provide services and transform, for survival of our physical body. And it hasn't relevant we become **Mankind**, **Human** or **Adam**.

Mankind, **Human** and **Adam being**, are process of creation, and all of us mandatorily experience these three period with different human bodies, in different worlds. (RIZA Satisfied)

3: Explanation of Mankind's creation:

3: (1) Divine Spirit before than to prepare earth to living of Mankind, first it had created different materials, plants, and animals.

After many years how it had created də different **Materials**, **Plants**, and **Animals**, also created də **Mankind**.

Creating of Mankind no was and no is hard, for Holy Spirit, and also it no was and no is need to a special formula.

Monkeys, Camels, Donkeys and thousands of other animals... how were created, Humans also was created like that. Monkeys, Camels, Donkeys... are in **animal instinct frame**. And they no have work with God and Creation.

Mankind was an animal that, it was in **authority and freedom instinct frame**.

Authority and freedom instinct frame gave possibility to mankind till he to ask from himself, how was mankind created?

Mankind told a story about his creation. With his primitive fictional imagination.

Then prophets were found. In continuation of fictional story (mankind's creation), prophets told the other fictional stories about mankind's creation.

Then were found religious and materialistic scientists.

They also tried to know how the first human was created.

In technology period, God allowed to scientists of on earth, to put satellites and space stations in different orbits of earth. And they sent spacecraft to moon and other planets. God allowed to scientists, with genetic science, they became able to make changes in the genes of plants and animals, and they created new kinds of plants and animals. But a simple matter that when and how mankind was created on earth? They are unable to that.

And Mystics on earth discovered the other dimensions of time of creation that, those are correspond to layers of earth. And they entered to worlds of other dimensions time. They met Yahweh or Allah in the fourth-dimension time of earth planet, which it is corresponds of thermosphere layer of earth. And they discovered some layers of soul's layers, and they met the Lords of soul's layers.

Now Mystics on earth can easily arrive and exit to different Mind's and soul's worlds.

And they clearly know exact date and creation of mankind's on earth.

[But God clear a secret no soon and no let, moment clearing of a secret, is cleating time of a secret]

When I was in Iran, Ek masters printed my Arabic photo in Ekankar's site, with name of Shams. Ekists, friends and familiars who looked to picture he or she told, Riza this is your picture.

I put that picture on cover of my first book.

This is one event from infinite events of God in a second.

Riza

Shams

I wanted to explain the creation of mankind correctly, as it was created, accurately and colorfully. I concentrated for several years, but God did not reveal to me and did not show me in a dream.

Exact time of mankind creation can be revealed to people of technology period in 4 ways.

- 1- Gnostics of on earth, very clean and clearly and colorfully, **in writing or video form**, to reveal exact date and creation of mankind on earth to people.
- 2- God **to reveal in awaken time**, to me or you or other person, like a very clear and clean and colorfully film, the exact date and creation of mankind on earth to people.
- 3- God **to show in sleeping time**, to me or you or other person, like a very clear and clean and colorfully film, the exact date and creation of mankind on earth to people.
- 4- God **to show with scientific devices** by Religious and materialistic scientists, the exact date and creation of mankind on earth to people.

This world was habitat for insect, bird, and grazer, they lived for many years, until human, also came this world. **Instint** (sitint) was ruling, for insect, bird, and grazer, **authority** is also **instint**, **instint authority** ruled for mankind. In **instint authority** God installed, the **negative traits** for us, **negative traits** did us, worse than a, **predatory animal**.

In this **negative world**, with **negative traits**, with **instint authority freedom**, was imposed to us, a hard and long **hell**, with name of **authority** and **freedom**. This world became habitat and educated place for all, we became students, prophets also became teacher for all. This world is theater, **its origin** is **hidden**, its **sub** is **visible**, **prophet** is **teacher** of **origin**, **philosophers teacher** of its **sub**.

Prophets, are teacher, educator, also messengers, mullahs are usurpers of path, philosophers deniers of prophets. This is a process woman is perfect in women being and man in man being, no can delete, the prophets also philosophers those are process. Good news for **Mullah**, **philosopher**, **believer** and **kafar**, after **killing** and **being killed**, **be bless**, for all **reconcile** and **peace**.

Before and after arriving of mankind to this world, in appearance was a habitat. And in interior also was and is a habitat and a school.

And this world is like a theater stage. One is appearance of stage, and other interior of stage. After that, all creatures were created on earth, Mankinds also were created.

Thousands of years passed. God sent the primitive prophets. Prophets were teachers of that time. Prophets told story of mankind's creation, and also established four simple arithmetic operations.

Then, people's awareness was rising and a new prophet was coming and saying new things. Many years passed, Materialistic philosophers also came and they said prophets' words are paradox. While words and writings of materialist philosophers also were and are full of paradox in length of history.

The paradox words of prophets and materialistic philosophers are all mental awareness and from Mind's Lord.

Now, religious people have been stuck to that primitive story of the prophets from thousands of years ago.

like that they use a tool that are made 3000 or 1400 years ago. (Riza Satisfied)

A very important matter: in our world,
Minerals are Analysed and are Combined by “Mineral instinct”.
Herbals are created, are survived and are dyed by “Herbal instinct”.
Insects, Birds and Animals are born, are lived and are dyed by “Animal instinct”.

In our world, Humans also are born, are lived and are dyed by
“Authority and freedom instinct”

Now, “Being” or “Awareness” that is inside of Monkey’s body,
or inside of wolf’s body acts in “Animal instinct range”
and always Monkey acts like a Monkey or wolf acts like a wolf.

“Being” or “Awareness” that has come inside of Human’s body,
it acts “in Authority and Freedom instinct range”, and he or she can
become better than a monkey wolf or lower than a monkey or wolf.

Result that:

in this world, we humans, “In authority and freedom instinct range”,
if we become carrier of negative adjectives we fall to low mental awareness,
and we become Satanic and same Satan, and we become lower than animal.
And it has not relevant we be religious or materialist.

And also in this word, we humans,

“In authority and freedom instinct range”, it means we can reach to awareness,
freedom, gladness, satisfaction, illimitation, and soul awareness and after
death also we go to soul’s worlds and heaven.

And we can rescue form lower worlds’ Birth and Dye Circulates. (Riza Satisfied)
